

VASSAR FELLOWSHIPS

A limited number of fellowships are available for graduate study. The fellowship funds have been established by friends of the college to encourage Vassar graduates to continue their studies in the United States or abroad, either in work toward an advanced degree or in the creative arts. Since the stipends do not cover the full amount needed for graduate work, applicants are strongly advised to apply simultaneously for outside grants. For information concerning graduate fellowships, students should consult their departmental adviser or the Director of the Office for Fellowships and Preprofessional Advising.

Members of the graduating class and recent graduates of Vassar College are eligible as specified under each fellowship. Applications should be made before February to the Committee on Fellowships. Application forms for all Vassar fellowships are available from the Office for Fellowships and Preprofessional Advising.

THE VASSAR MAGUIRE FELLOWSHIPS
