

RECOMMENDATION FORM

Mission: The Thomas J. Watson Fellowship Program offers college graduates of "unusual promise" a year of independent, purposeful exploration and travel -- in international settings new to them -- to enhance their capacity for resourcefulness, imagination, openness, and leadership and to foster their humane and effective participation in the world community.

The following questions are especially relevant when selecting fellows for the significant, often challenging, year proposed by the Watson mission. Please answer each question as fully as possible, elaborating as necessary. You may also add additional comments at the end of this form. We appreciate the effort required to write a thoughtful and personal recommendation. Thank you in advance for your candor and time.
